Impressive Model Range

Take a look at Ford's sub-160 g/km CO2 range and see how Ford Fleet can help reduce your company's outgoings.

Tax breaks

With a 20% Writing Down Allowance (WDA) for Corporation Tax purposes own nil revenue disallowance for leased vehicles. Benefit to your company and drivers through a lower tax liability (benefit in kind), and lower Vehicle Excise Duty (VED) and National Insurance Contributions (NICs).

Make fuel savings count

Lower fuel bills improve your company's balance sheet and the environment.

Reduce cost, not the size of your vehicles

45 large cars - Galaxy, Kuga, S-MAX and Mondeo - deliver sub 160 g/km emissions, so there's no need to downsize.

Save more

45 model variants in the sub 120 g/km or ECOnetic ranges, save you even more.

**If we sound like the type of company that
you could build a long-term relationship
with, we'd like to hear from you.**
